I have vast experience as both a competitor and a coach. I have coached from club level to national level being a former national coach for the English Karate Federation junior squad.

I have competed for England from the age of 14 years old and am the most decorated female Karate athlete for the English Karate Federation gaining multiple medals at Cadet, Junior and U21 level at **European and World Championships**.

Yearly Licence/Insurance

£34 per year - This is your child's insurance to train in martial arts but also allows them to attend gradings and progress up through the belts. This is something that needs to be purchased on attending your second term of after school club at the latest as it also registers you with Pro-Karate Academy and the English Karate Federation (National Governing Body for Karate within England). You receive a small book which records all of your achievements and your licence slip.
